Axel Gauthier – Game developer

axel.gauthier.pro@gmail.com axel-gauthier.me

Graduation

Master's degree in Audiovisual, Digital Interactive Media and Video Games — 2026 - Present
CNAM Enjmin — Angoulême, France

ICT Master's degree — Graduated - 2022
Paul Sabatier University — Toulouse, France

Multimedia and Game Technologies — Erasmus Semester- 2021
Universitetet i Agder — Grimstad, Norway

Experiences

SCLE – C++/QT programmer — 2025 – 2026

- Collaborated in a team of 7 to develop a node-based configuring application
- Implemented over 30 features based on functional specifications
- Resolved more than 30 bug tickets, improving application stability across both front and backend
- Development or support of full stack key features (nodes duplication, undo system, serialization)

Viveris – C/C++ programmer — 2024 - 2025

- Developed and maintained a C++ library integrating data storage dependencies for spatial 5G

IRIT – Research engineer — 2023 - 2023

- Created a Python application managing multi-channel 5G & Wifi communication for automated vehicles

Orange – Production engineer apprentice — 2019 - 2022

- Provided Tier 3 Active Directory support for over 150k user accounts within a 10-expert team

Projects

- 3D object renderer — C++, OpenGL, Qt • 2025
- Spaceship repair game — Unreal Engine, Blueprints • 2024
- Windows wallpaper manager — C++, Win32 • 2024
- Augmented Reality Tamagotchi — Unity, C#, Vuforia • 2021
- Virtual Reality music practice app — Unity, C#, OpenXR • 2021

Skills

Programming languages	Frameworks	Tools	Languages
C++, Python, GLSL PowerShell	OpenGL Qt	Unreal Engine, Unity, Git, CMake, Docker	English • Fluent Chinese • Basic

Hobbies

Activities
DIY, Board games, 3D Printing & Rendering

Sports
Thaï boxing, Climbing, Hiking, Sprinting
